descriptors of gifted children are offered to help in recognizing these students. details are included regarding
their cognitive traits, **challenging the gifted - educationnext** - about what they provide in the way of gifted
education, it found the answer to be "not much." at least a dozen states don't let children start kindergarten
early, even if they're **catering for mathematically gifted elementary students ...** - catering for
mathematically gifted elementary students: learning from challenging tasks 2 although mathematically gifted
children are characterised by the quality of their reasoning **keeping your gifted child challenged in math** -
it turns out that if we praise children for being "smart" or "gifted" or "naturally talented", we are feeding them
the idea that talent is innate and fixed. with a fixed mindset, a student has no where to go when the
challenges get tougher and so they often give up. the good news is that anyone can change their mindset.
research shows that just knowing these two mindsets exist can ... **developing challenging science**
